sales and promotional material, and every time anybody asks you about your ebook.

Apart from selling your books assiduously on-line, there are several other strategies that may make it easier to promote extra books.

One is to give something away without spending a dime along with your e book, similar to a invaluable bonus item. Or bundle several ebooks beneath one price, which lowers the price for every e book if they have been sold separately.

An efficient approach for determining a worth is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the new book, but do not embody a price on that page. Make sure your gross sales copy is strictly the same on every page, and includes your selling-deal with sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum value is.

Finally, for those who've written a e-book that solves a downside or presents a brand new technique, your e-book will usher in both traffic and profits.
