But the truth that unites ebooks and print books is that they are composed of ideas. It is the ideas in these books that have the flexibility to vary, or presumably rework, folks's lives.

What do you assume an thought is worth when evaluated against the cost of paper and ink?

It is the IDEAS which can be valuable! That is how you determine the price of your ebook.

What ought to I cost for my ideas?

Decide in case your goal is to get broad distribution and maximum exposure. This purpose is aimed at drawing clients to your business or service, or to establishing the credibility of your reputation. highest price the market will bear to usher in the largest income, and plan to low cost the guide a number of instances throughout the year.

## Advertising and marketing Methods

One is to give something away without cost with your e-book, equivalent to a beneficial bonus item. Or bundle a number of ebooks under one price, which lowers the worth for each book if they were sold separately.

An efficient method for determining a price is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do that by creating a sales web page for the brand new e-book, however don't embody a worth on that

page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Make certain your gross sales copy is strictly the identical on each page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum price is.

Finally, in case you've written a e book that solves a drawback or presents a brand new technique, your ebook will usher in both visitors and profits. So you'll want to write that selling-handle sentence that sums up what downside your book solves and what the advantages of your 1577 book will likely be to the shoppers who buy it. And then watch your market come to you!
