One other technique is to test out costs by creating a variety of duplicate gross sales pages with different costs on each page. Be sure your sales copy is exactly the identical on each page, and

consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum value is.

Finally, in the event you've written a guide that solves a downside or presents a brand new approach, your guide will usher in both traffic and profits.
