Nevertheless, if your e-book contains precious ? and extra importantly NEW information, references, or techniques ? then you need to aim to price it on the high end.

After you figure out your goal, you must figure out what your audience's need is for your ebook. For instance, does your book remedy a selected problem? If you wish to see massive profits over buyer draw, purpose for an audience that's on the lookout for easy solutions to their issues at a low price. If your guide is aimed toward solving one particular downside rather than normal advice, then you can charge more. Start at the highest value the market will bear to bring in the largest earnings, and plan to low cost the e-book a variety of times all through the year.
