As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by creating a variety of duplicate sales pages with completely different prices on each page. Make sure your gross sales copy is precisely the same on

each web page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This will inform you what your optimum value is.

Finally, if you've written a guide that solves a problem or presents a new approach, your e book will bring in both site visitors and profits.
