An efficient method for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the new guide, but do not include a price on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is strictly the same on each

page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum worth is.
