An effective method for determining a price is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the brand new book, however don't embrace a worth on that page. Instead, add numerous links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with different prices on each page. Make sure your sales copy is exactly the identical on each page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum price is.

In the end, when you've written a guide that solves a problem or presents a brand new approach, your e-book will bring in each traffic and profits.
