If these prospects have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the brand new e-book, however don't embrace a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate sales pages with completely different prices on each page. Make sure that your gross sales copy is strictly the same on each page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum price is.

In the end, if you happen to've written a book that solves a drawback or presents a brand new method, your e-book will bring in both traffic and profits.
