Do this by making a gross sales web page for the brand new e book, however don't embrace a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with completely different costs on every page. Be sure your gross sales copy is strictly the similar on each web

page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum value is.

Finally, if you've written a book that solves a downside or presents a brand new approach, your book will bring in each visitors and profits.
