One other strategy is to check out costs by making a variety of duplicate gross sales pages with different costs on each page. Make certain your gross sales copy is precisely the identical on every

page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This may inform you what your optimum value is.

Ultimately, when you've written a e-book that solves a drawback or presents a brand new approach, your e-book will usher in both visitors and profits.
